B and R's expertise

FOR all your motor-care needs B and R Factors, at Unit 5, Cwmllechwr Mill, Ammanford, has a full range of workshop facilities to cater for any problem your vehicle may encounter.

With more than eight years experience in the motoring trade, B and R factors provide a reliable and friendly service which will have you back on the road in no time.

Now owned by 24-year-old Chris Thomas from Ammanford, who bought the business a year ago, B and R Factors has gone from strength to strength.

With a wide range of service available, you will not have to worry about where to get your car fixed.

From Bosch wiper blades to Blueprint import parts, from Bosal exhausts to hydraulic and drivetrain components, B and R Factors have all the parts you need to make your motor drive like a dream.

B and R Factors specialise in the importing of Japanese vehicles and the restoration of classic cars. Japanese cars

are thoroughly prepared for British motorists and classic cars are repaired so that they run just as well as 21st century cars.

Morris Oils catering for cars from the 1920s to the present day, are stocked at B and R Factors so whether you own a Ford Model T or a Ford Fiesta, your car will be running smoothly.

Top-quality tools and machinery including cleaning chemicals and electrical goods for the motor trade are on sale, at good value prices. Brands include Draper and Elora tools.

New parts for private and commercial vehicles can be bought from the Ammanford firm. More than 1,000 Mann and Hummel air, oil and fuel filters are on the shelf and ready to be fitted.

B and R Factors also offer workshop, bodyshop and valeting supplies, as well as a large range of Firstline brake pads, shoes, discs and fitting kits, to keep your vehicle spick and span.

Whatever your motoring needs B and R Factors offer a wide range of services to suit your needs.

FIRST LINE THE ALL MAKES SPECIALIST

IT'S TIME TO MAKE A LIFE OR DEATH DECISION...

Fitting inferior safety critical car parts can ultimately lead to premature component failure - and at worst a fatal accident.
Only fit replacement car parts that match or exceed OE quality...
...Fit FIRST LINE components from B & R FACTORS
